

## **Pizza Delivery Chain Award 2010**

**Sponsored by Hugall Services**

**About this Award:** This award aims to recognize chain operators who are successfully driving the delivery/takeaway sector. Those judging this award will be looking at chains (more than 5 stores) which set a high standard in terms of their overall operation – from customer service to food quality and delivery to the customer – and which are positively driving the market.

**Entry Requirements:** All those short-listed in this category will be asked to provide a list of sites, one of which will be picked at random by the judges to be assessed. *Details of the businesses overall performance in the last year will also be required.* **Please also provide a voucher for a meal for two which will be used by the independent judges who will order a delivery** and report on it from a customer's perspective – a copy of their report will be sent to each of those short-listed.
